Realizing the College Dream with Autism or Asperger Syndrome: A Parent’s Guide to Student Success (2005)
—“Both a practical and a personal account of one ASD student’s successful experience of going to college. This accessible book focuses on how to get there and stay there: deciding to go, how to get in and how to get the most out of it.”

—“Gives boys with intellectual disabilities the facts they need to navigate puberty.
Written at a third-grade reading level for boys aged 9-16 with Down syndrome, autism, cerebral palsy, mental retardation, fragile X, or other special needs.”

Floortime Strategies to Promote Development in Children and Teens (2014)
—“Floortime is a highly effective intervention approach for children and adolescents with autism and other developmental disorders. Now there’s a step-by-step guide for parents to LEARN and professionals to TEACH the DIRFloortime® model of helping young people with social, emotional, and cognitive challenges.”
Spotlight on These New Additions...

The Early Intervention Teaming Handbook: The Primary Service Provider Approach (2012)
—"Early childhood professionals: looking for an effective way to ensure coordinated, family-centered services for young children and families? Discover the why and how of the primary service provider (PSP) approach to teaming, the widely used, evidence-based model that more and more states are adopting to strengthen care and services and improve family outcomes."

Teaching Children with Down Syndrome about Their Bodies, Boundaries, and Sexuality (2007)
—"Drawing on her unique background as both a sexual educator and mother of a child with Down syndrome, the author blends factual information and practical ideas for teaching children with Down syndrome about their bodies, puberty, and sexuality. This book gives parents the confidence to speak comfortably about these sometimes difficult subjects."

The Early Intervention Workbook (2013)
—"Discover the 7 key principles and associated practices for effective early intervention services—and start putting them into action today! This easy-to-use, fillable workbook reveals not only what every EI professional should be doing in their practice, but also how to do it, with practical tips, activities, and strategies they can use to improve their work with children and families right away."

Shepherd Center Seeks Study Participants

The 45-minute program - done three times a week - includes hand cycling and a complete circuit of exercises.

For more information or to learn about eligibility for this study, contact Elizabeth Gonzalez at Elizabeth_gonzalez@shepherd.org or 404-350-3116.

—About the Library—

The library is a collaborative effort between BabyNet/South Carolina Department of Health and Environmental Control, the Center for Disability Resources, the South Carolina Department of Disabilities and Special Needs, and the University of South Carolina School of Medicine Library. The CDR Library consists of books, videos, brochures, and audiotapes covering a variety of disability-related topics. The Center for Disability Resources Library is located within the University of South Carolina School of Medicine Library on Garners Ferry Road.
